Fragment 36 37, a Footnote. Re Existence of the Soul.

36

/ The knowledge of the existence of Soul in spirit through the positive Sciences. The Religions as understood only assert but do not prove the existence of the Soul. Because as we ordinary understand Religions they are simply base elations, the Study in Theosophy supplies us with the needed proofs. Basis of morality and virtue weak so long as morality & course of virtue is not shown the the necessary means for Soul development, Spiritual Immortality &c.
