H.P. Blavatsky's MSS

Fragment 22 35, 2 half sheets. There is a spiritual brain as well as a physical one. Ancient and modern science on this.

In other words you might say, that an individual who was a nursing infant at noon, on a certain day, would at 12, ~~twenty~~ 30 p.m. on the same day be an adult speaking wisdom instead of his former infantile; for we have seen if now in the present period day 250 000 y. ago; and, as Professor Whitney stated on antiquity of body the Vedic people enjoyed ~~a~~ simple arithmetic calculations gives us the above comparative results
